

IN THE BOX

- EVO3 Compact PINGuard/EVO3i Compact PINGuard
- Fitting Template
- Surface cleaning sachets
- Surface Primer
- Fitting key
- Instruction manual

EVO3

COMPACT

DESCRIPTION

The EVO3 Compact is specific to the smaller NCR PIN pads. Due to some ATM designs, the space and usability can be limited. The size of the EVO3 Compact has been optimised while still allowing usability of the PIN pad. Accessibility has been maintained by using elastic polymer for the body which gives it amazing flexibility by allowing for the compact design, security and accessibility. The EVO3 Compact, like the entire range of PINGuards, is replaceable. The option to upgrade to the EVO3i Compact Anti Camera version is very simple. The unique polarising lens (as used on the EVO3i) simply fits onto the PINGuard body and can be lifted back to increase access to the PIN pad for users with limited dexterity.

FEATURES

- Designed to fit any type of NCR ATM
- Ergonomically designed to help disabled users
- Optional polarising lens (protects against pinhole camera attacks) retro fitted in minutes
- Made from highly flexible durable polymer
- No drilling or physical fixings required
- All components replaceable

SPECIFICATIONS

Unit size and weight	Width 257mm (10.11in) Height 81mm (3.2in) Depth 121mm (4.69in) Weight 320g (0.71lb)
Unit Packaging size and weight	Width 263mm (10.35in) Length 220mm (8.66in) Height 85mm (3.35in) Weight 0.8kg (1.8lb)
Carton Size and weight (10 off)	Width 450mm (17.72in) Length 273mm (10.75in) height 425mm (16.73in) Weight 8kg (17.64lb)
